# **Optional Session Policies**

# Optional Session Access to Online Evaluations

Contact hours are awarded by participating in the entire length of the educational session and completing an evaluation for each session you attended. In order to obtain access to the online evaluation for an optional session, attendees must scan their badge in the session classroom within 15-minutes of the optional session start time, as well as have paid for the optional session in its entirety. Access to optional session evaluations will not be granted unless both of these criteria are met. Attendees who meet these criteria can expect to access the online evaluation for an optional session within 24-hours of session completion.

### **Optional Session Waiting Lists**

Waiting lists will be created for optional sessions that are full. Registered attendees with tickets must arrive and check-in with the SGNA staff member at least fifteen minutes prior to the start of the session. Latecomers will run the risk of forfeiting their seat in the class to someone on the waiting list. If you registered and paid for an optional session that is full, you were placed on the waiting list. If you do not get a seat in the session, a refund will be issued. SGNA will not accept responsibility for any misunderstanding about your optional session selection(s) if you did not receive a confirmation. No refunds will be issued for missed optional sessions, including sessions missed due to travel delays.

# EARN UP TO 34.25 CONTACT HOURS

The Society of Gastroenterology Nurses and Associates, Inc. is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

As currently planned, participants in the course may report up to a maximum of 34.25 contact hours of continuing education.

SGNA 46th Annual Course sessions granted with gastroenterology-specific content hours for recertification as defined by the American Board of Certification for Gastroenterology Nurses (ABCGN) are being determined. In addition, select sessions to be approved by The Certification Board for Sterile Processing and Distribution, Inc. (CBSPD) for contact hour credit are also being finalized. The approval code for each qualifying session will be listed on your certificate of completion. Visit the Annual Course website for the most up-to-date information on the status of GI-specific and CBSPD designations.

An entire session must be attended to receive contact hours. The total number of contact hours awarded is determined by the number of sessions an individual attends, pays for and evaluates. *Please note that one contact hour is equal to 60 minutes of educational content.*

### **Content Level Definitions**

The experience level, which is designated under each session title in the descriptions section, is based on Benner's Stages of Clinical Competence. These levels are meant to help you choose your classes based on your own experience level in the various topics offered at the Annual Course.

Novice: Beginners have had no experience of the situations in which they are expected to perform. Novices are taught rules to help them perform.

Competent: Competence, typified by the nurse who has been on the job in the same or similar situations two or three years, develops when the nurse begins to see his or her actions in terms of long-range goals or plans. The conscious, deliberate planning characteristic of this level helps achieve efficiency and organization. The competent nurse lacks the speed and flexibility of the proficient nurse. The associate or technician can be found competent when he/she performs assigned tasks with this same longer range planning and more efficiency.

Expert: The expert performer has an enormous background of experience and has an intuitive grasp of each situation. The expert operates from a deep understanding of the total situation. His/her performance is highly proficient.

# **TRANSPORTATION**

#### Air Service

Portland International Airport is currently served by 18 international and domestic airlines offering over 500 scheduled passenger arrivals and departures daily.

## Getting To and From The Airport

The airport is located 9 miles northeast of downtown Portland and is conveniently connected to the city center via MAX light rail train.

#### **Light Rail**

The MAX light rail Red Line is the easiest way to travel to and from the airport. Here are some quick facts:

- The trip between the airport and downtown Portland takes about 38 minutes.
- An adult ticket costs \$2.50 (Youth \$1.25, Honored Citizen \$1). MAX ticket machines return change in coins, so small bills are recommended.
- You can roll your luggage on board.
- The first train of the day arrives at PDX at 4:45 am and the last train departs PDX at 11:50 pm
- The MAX station and ticket machines are located on the lower level, next to the south baggage claim area (turn right at the base of the escalator).
- Light Rail tickets will be provided at registration to all Annual Course attendees will receive.

#### **Taxis**

The average taxi fare from the airport to downtown is approximately \$35 before gratuity. The one-way trip takes 20-40 minutes. You can find taxis waiting in the center section of the airport terminal's lower roadway outside of baggage claim; to get back to the airport from the city center, you can order a cab through the city's main operators or from a hotel with a dedicated taxi stand.

#### **Shuttles**

When you leave the airport, you will find the shuttles at the bottom entrance of the terminal (outside the baggage claim area) on the other side of the second strip ("Island 2") near the parking garage. Many airport hotels offer free services.

## Passport to Prizes Program

### How does it work, and how can I participate?

Each SGNA Annual Course attendee will receive a blank passport card during their check in at the registration desk. Be sure to take your card around the Exhibit Hall to the participating companies on Sunday, Monday and Tuesday. At each participating booth, you will be asked a question related to that specific company. After answering the question, you will receive a stamp from the participating exhibiting companies listed on your passport. When you have completed your passport card, take it to the ticket tumbler located in the Exhibit Hall. All completed passport cards must be turned in no later than 10:15 am Tuesday; completed entries will be eligible for a prize drawing to be conducted Tuesday morning at 10:30 am. You must be present to win these amazing educational prizes — one from each participating company.
