- Earn up to 34.25 contact hours
- View the latest in products and services in the Exhibit Hall
To register, login to www.sgna.org if you are a member or have an existing account with SGNA. Logging in ensures that you receive any discounts you are entitled to and avoids confusion over multiple accounts. Visit the 47th Annual Course web page, proceed to “Registration” and follow the steps below:

- Once you have completed the information on each page, click “NEXT” to proceed. Select your registration type, add pre-conference workshops to your schedule and proceed to the final payment step.

- For your convenience, you may pay with a credit card using our online registration system or you can select “Send Me an Invoice” to receive an order confirmation email showing your balance due that can be mailed in with check payment. Please read and follow the instructions in the registration system.

- Begin building your agenda preferences with the agenda builder located in the SGNA mobile app. Please note, selections and preferences are for planning purposes and are not seat reservations. Seating at concurrent sessions is on a first-come, first-served basis until room capacity is reached. Selecting a concurrent session does not reserve or guarantee you a seat. It is not necessary to contact SGNA if you decide to attend a different concurrent session — you can update it directly through your agenda builder.

If you have any questions about the registration process, please contact registration@sgna.org.

You will be given the option to print the confirmation page for your records. A confirmation will also be sent to you at the email address on file.

All cancellation requests must be sent to SGNA in writing and will be processed after the Annual Course. Cancellations must be received prior to April 23, 2020. All refunds are subject to a $100 processing fee. No refunds will be issued for cancellations received after April 24, 2020. No refunds will be issued for missed sessions, including sessions missed due to travel delays.

PRE-CONFERENCE WORKSHOPS

If you registered and paid for a Friday or Saturday pre-conference workshop, these sessions will be listed on the back of your registration badge. Sign-up for these sessions will be on a first-come, first-served basis. Pre-conference workshops can be added through your Annual Course registration.

TAX NOTE

Fees paid to SGNA for products, services and dues are not tax deductible as charitable contributions for income tax purposes. However, they may be tax deductible as ordinary and necessary business expenses. Please consult your tax advisor.

PRE-CONFERENCE WORKSHOP POLICIES

Pre-conference Workshop Access to Online Evaluations

Contact hours are awarded by participating in the entire length of the educational session and completing an evaluation for each session you attended. In order to obtain access to the online evaluation for a workshop, attendees must show their badge in the session classroom within 15-minutes of the workshop start time, as well as have paid for the workshop. Access to pre-conference evaluations will not be granted unless both of these criteria are met. Attendees who meet these criteria can expect to access the online evaluation for that workshop within 24-hours of session completion.

Pre-conference Workshop Waiting Lists

Waiting lists will be created for pre-conference workshops that are full. Registered attendees with tickets must arrive and check-in with SGNA staff at least fifteen minutes prior to the start of the session. Latecomers will run the risk of forfeiting their seat in the class to someone on the waiting list. If you register and pay for a pre-conference workshop that is full, you will be placed on the waiting list. If you do not get a seat in the session, a refund will be issued. SGNA is not responsible for any missed or delayed communication regarding workshop selection. No refunds will be issued for missed pre-conference workshops, including sessions missed due to travel delays.
The Society of Gastroenterology Nurses and Associates, Inc. is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

As currently planned, participants in the course may report up to a maximum of 34.25 contact hours of continuing education.

SGNA 47th Annual Course sessions granted with gastroenterology-specific contact hours for recertification as defined by the American Board of Certification for Gastroenterology Nurses (ABCGN) are being determined. In addition, select sessions to be approved by The Certification Board for Sterile Processing and Distribution, Inc. (CBSPD) for contact hour credit are also being finalized. The approval code for each qualifying session will be listed on your certificate of completion. Visit the Annual Course website for the most up-to-date information on the status of GI-specific, CBSPD and IAHCSMM designations.

An entire session must be attended to receive contact hours. The total number of contact hours awarded is determined by the number of sessions an individual attends, pays for and evaluates. Please note that one contact hour is equal to 60 minutes of educational content.

THE GOALS OF THE 47TH SGNA ANNUAL COURSE ARE TO:

1. Enrich participant’s knowledge in current and emerging diagnostic and therapeutic techniques in gastroenterology/endoscopy to transform and advance the professional practice of GI nursing.
2. Promote networking and exchange of ideas among participants for the purpose of improving nursing and associate practice and patient care.
3. Foster gastroenterology/endoscopy nursing practice changes based on evidence-based practice, professional development, research and innovation.

**NAVIGATING EDUCATION SESSIONS**

Follow the key below to navigate this year’s schedule of events:

- **PC** | Pre-conference Workshops
- **LS** | Leadership Sessions
- **GS** | General Sessions
- **CS** | Concurrent Sessions

All education session descriptions can be found at annualcourse.sgna.org.

**CONTENT LEVEL DEFINITIONS**

The experience level, which is designated under each session title in the descriptions section, is based on Benner’s Stages of Clinical Competence. These levels are meant to help you choose your classes based on your own experience level in the various topics offered at the Annual Course.

- **Novice:** Beginners have had no experience of the situations in which they are expected to perform. Novices are taught rules to help them perform.

- **Competent:** Competence, typified by the nurse who has been on the job in the same or similar situations two or three years, develops when the nurse begins to see his or her actions in terms of long-range goals or plans. The conscious, deliberate planning characteristic of this level helps achieve efficiency and organization. The competent nurse lacks the speed and flexibility of the proficient nurse. The associate or technician can be found competent when he/she performs assigned tasks with this same longer range planning and more efficiency.

- **Expert:** The expert performer has an enormous background of experience and has an intuitive grasp of each situation. The expert operates from a deep understanding of the total situation. His/her performance is highly proficient.

#### Passport to Prizes Program

**How does it work, and how can I participate?**

Each SGNA Annual Course attendee will receive a blank passport card during their check-in at the registration desk. Be sure to take your card around the Exhibit Hall to the participating companies on Sunday, Monday and Tuesday. At each participating booth, you will be asked a question related to that specific company. After answering the question, you will receive a stamp from the participating exhibiting companies listed on your passport. When you have completed your passport card, take it to the ticket tumbler located in the Exhibit Hall. All completed passport cards must be turned in no later than 10:15 am on Tuesday; completed entries will be eligible for a prize drawing to be conducted Tuesday morning at 10:30 am. You must be present to win these amazing educational prizes — one from each participating company.

Visit the Exhibit Hall to expand your contacts, knowledge and to win prizes!
